Integrated Planning Manual

Roles of the Participants in Participatory Governance

To be reviewed Classified Senate:

Classified Senate

The Classified Senate represents the classified staff in participative decision making and in the participatory governance process which develops and formulates policy and practice with no collective bargaining related effect, but not limited to, activities which include: (1) representing the perspective of classified staff in policy and procedure deliberations; (2) offering staff in- service activities; (3) communicating among the various interest groups and classified staff of Fullerton College; (4) collaborating with CSEA for appointment of classified staff on all governance committees; (5) maintaining the delineation of responsibility between the Classified Senate and CSEA. The Classified Senate has no responsibility in any area related to bargaining or working conditions as such issues are the explicit responsibility of CSEA. CSEA has the right to appoint the classified representatives to all
